WORK EXPERIENCE

Why Global Services

Web Development Intern

2024 - Present

- Developed dynamic web applications leveraging the MERN stack (MongoDB, Express.js, React.js, Node.js) to deliver responsive and interactive user experiences.
- Designed and implemented RESTful APIs, ensuring seamless integration between front-end interfaces and back-end systems.
- Debugged, tested, and deployed applications on AWS, optimizing performance and scalability.

PROJECTS

E-Commerce Web Application

- Designed and developed product filters, shopping cart, and checkout system to enhance user shopping experience.
- Implemented secure user authentication and an admin panel for efficient management of site operations.
- Integrated multiple payment gateways to streamline transactions and improve platform accessibility.
